

WEB DESIGNING

60 Days Training Program

**Crafting Digital Experiences: Elevate Your Web
Presence**

IIHT Jaipur believe that upskilling is mightier than massive layoffs. And not just us, but countless companies attest to it and have adopted this approach in their businesses as well. The domain expertise these upskilled individuals bring in is what sets them apart. We focus on nurturing these aspects. So, whether you are a student in college or a fresh graduate entering corporate, we have something for you to offer. We are an online and offline training institution that provides students and professionals with courses in high demand. We provide training in a vast array of technologies, including Cloud Computing, DevOps, Cyber Security, Full stack development, Data Science, Digital Marketing, and Web Development, among others.

A website is the online manifestation of a business. Therefore, it is essential for every business to ensure that their website is not only aesthetically pleasing, but also optimally functional in every way, including its design, features, navigation, and other essential elements. A business website is a portal through which potential consumers can visit a company and observe its unique qualities.

Learn from Authorities

At IIHT, we have expert instructors who share their extensive knowledge for web designing courses from Rajasthan.

Assignment

The entire training session is based on theoretical concepts, practical assignments, and projects. We also emphasise inviting many guest educators from the industry.

Practical Instruction

At IIHT, we are proud of our laboratories equipped with all the necessary hardware and software.
